Subject: Support for modified BRT project from the Eagle Rock Neighborhood Council

Mr. Hartwell

This letter was passed by the Eagle Rock Neighborhood Council on 10/6/20 and due the City's ban on Neighborhood Councils communicating with Metro directly, was addressed to Councilman Kevin De Leon. NC motions, letters, and minutes are public record as a matter of course, so I am submitting this as a private citizen to ensure that the Eagle Rock neighborhood is not unduly muzzled by the inaction of it's Councilmember and the troubled period where we

were without effective representation due to the prior Councilman's corruption indictments. Attached is the adopted letter from the ERNC from 10/6/20 as well as the minutes of the ERNC's 9/1/20 meeting which include the direct source comments that were taken.

After the close of business yesterday, I became aware that the official CD14 comment letter omits several letters that have been submitted as part of their effort to get broad based neighborhood support for this project. Please include the attached letter and minutes into the

DEIR comments as they were officially adopted well in advance of the comment deadline.

Sincerely,

Michael Sweeney
(sent in my private capacity)

Eagle Rock Neighborhood Council Meeting 11-7-23 ERNC President Not allowing residents to speak in Public Form

Morning Raul.

Its Been a while since we talked.

Your ERNC President Michael Sweeney has let the Title of his Position go to his head! I called him out at last night's meeting with various witnesses, including LAPD and other LA CITY Depts. (Hell, there was even a Rep. from Mayors Bass Office who witnessed Michael Sweeney) Please Read below. He needs to Apologize to the Residents of Eagle Rock publicly and in an open forum / also via social media platforms that the ERNC uses. If not, he needs to resign!

Raul, I know personally of various times that complaints have been filled about Michael Sweeney and other members of the ERNC. I've seen the emails and I've sent some emails. (The Joys of the Freedom of Information Act / FOIA)

Bottom Line Raul, If you would have been at the meeting last night or some else from DONE maybe, this wouldn't have happened. But, Michael Sweeney is Egotistical self-promoting Bastard as you know in full.

Also, Please Note Raul. The ERNC of Lately has not been doing a DAMN thing for the residents of Eagle Rock Lately.

It appears that the Eagle Chamber of Commerce is doing 1000 times more for the residents of Eagle Rock.

I kindly await your Response Raul.

Cheers:

Karl Schumacher (CJ)

Resident of Eagle Rock
